

ADVANCED EHS CONCEPTS

LADDER SAFETY

Training Overview

Ladders are an essential tool used both in the workplace and household. Ladder use can present the potential for falls from height and other serious injuries. This training programme will assist you in understanding how to select, set up and use ladders safely.

Who should attend?

Our ladder Safety Programme is designed for all personnel that are, or could be, working with any type of ladder whether in the workplace or household environment.

Course Topics

This course covers the following topics:

- Selecting the Appropriate Ladder
- Load Ratings
- Types of Ladders
- Safety Rules
- Defective Ladders
- Ladder Storage
- Training Requirements
